CAUTION**

FIRST AID

If On Skin or Clothing: This product is a possible skin irritant due to allergic sensitivity. Should irritation arise, rinse skin with clean water and remove contaminated clothing if necessary.

If Swallowed: Should irritation result, rinse mouth with water.

If In Eyes: Occasionally a mild irritant. Rinse thoroughly with clean water.

If Inhaled: Should irritation result, move to a more ventilated area.

Should irritation persist, contact a health professional.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Prolonged skin contact may cause allergic reaction in some individuals. Do not get in eyes, on skin, or on clothing. Wear long-sleeved shirt, long pants, socks, and shoes when using this product.

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

GENERAL INFORMATION

All Natural Soil Nematode Control is a unique blend of naturally occurring ingredients that control soil nematodes. It is to be used prior to planting, not on growing plants. Thorough coverage of the treated area is required. It can be used on vegetable seed beds or turf before seeding or sodding, flower seed beds, bedding plant seed beds or around established trees and shrubs.

DIRECTIONS FOR USE

APPLICATION DIRECTIONS:

Prior to application, prepare the seed bed and rake smooth. All Natural Soil Nematode Control can be applied by spray tank or hose-end sprayer.

If packaged in a concentrate bottle and applying by spray tank, mix 4 fl. oz. of product in 1 gallon of water. Apply as directed for the particular Use Site.

If this product is packaged in a hose-end sprayer bottle, follow the directions below and apply the appropriate amount of solution for the Use Site. This 32 fl. oz. bottle will cover 200 sq. ft.

Hose-End Sprayer Directions: 1) Before you start, the blue flow switch should be in the "OFF" position, and the red flow switch should be in the up, "CLOSED" position. 2) Shake container well and attach it to your garden hose, while holding sprayer at waist level and pointing in a direction away from face and body. 3) Turn on the water from the faucet. 4) When you are ready to spray, turn the blue flow switch to "ON" position; turn red flow switch to the forward, "OPEN" position; and begin spraying. 5) When you are finished spraying or if you have to stop spraying at any time, turn the blue flow switch back to the "OFF" position and the red flow switch to the "CLOSED" position. 6) Turn off the water at the faucet. 7) Remove the container from the garden hose; then rinse thoroughly and store according to Storage Instructions.

USE SITES:

For use on vegetable gardens and ornamental plant beds, apply 4 gallons of solution per 100 sq. ft. Wait seven (7) days before planting rooted plants (such as seedlings or transplants). Wait ten (10) days before planting seeds. Water into the soil lightly after application.

For use on turf areas for seeding or sodding, apply 4 gallons of solution per 100 sq. ft. ten (10) days prior to planting. Water into the soil lightly after application.

For existing trees and shrubs, apply 4 gallons of solution to the soil underneath. Do not let solution come into contact with the foliage.

USE PRECAUTIONS

This product is phytotoxic to plants. Do not let spray drift onto desired plants.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store at temperatures between 41°F and 85°F (5°C to 30°C) to avoid product deterioration.

Container Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

WARRANTY

Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for the purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions or under conditions not reasonably foreseeable to seller. Seller makes no other warranties, either express or implied.
