CAUTION**

**FIRST AID**

**If On Skin or Clothing:** This product is a possible skin irritant due to allergic sensitivity. Should irritation arise, rinse skin with clean water and remove contaminated clothing if necessary.

**If Swallowed:** Should irritation result, rinse mouth with water.

**If In Eyes:** Occasionally a mild irritant. Rinse thoroughly with clean water.

**If Inhaled:** Should irritation result, move to a more ventilated area.

Should irritation persist, contact a health professional.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Prolonged skin contact may cause allergic reaction in some individuals. Do not get in eyes, on skin, or on clothing. Wear long-sleeved shirt, long pants, socks, and shoes when using this product.

**ENVIRONMENTAL HAZARDS**

For terrestrial uses: Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**GENERAL INFORMATION**

**All Natural Turf Grub Control** is a unique blend of naturally occurring ingredients that control soil insects. It is to be used prior to planting or on established lawns. Thorough coverage of the treated area is required. Do not use on newly seeded lawns until after the 3<sup>rd</sup> mowing.

**DIRECTIONS FOR USE**

**APPLICATION DIRECTIONS:**

**All Natural Turf Grub Control** can be applied by spray tank or hose-end sprayer. Use to control grubs in turf, including but not limited to, sod webworms, cutworms, armyworms, mole crickets, chinch bugs, white grubs, billbugs, crane flies, etc.

If packaged in a concentrate bottle and applying by spray tank, mix 4 fl. oz. of product in 1 gallon of water. Apply as directed.

If this product is packaged in a hose-end sprayer bottle, follow the directions below and apply the appropriate amount of solution.

**Hose-End Sprayer Directions:** 1) Before you start, the blue flow switch should be in the "OFF" position, and the red flow switch should be in the up, "CLOSED" position. 2) Shake container well and attach it to your garden hose, while holding sprayer at waist level and pointing in a direction away from face and body. 3) Turn on the water from the faucet. 4) When you are ready to spray, turn the blue flow switch to "ON" position; turn red flow switch to the forward, "OPEN" position; and begin spraying. 5) When you are finished spraying or if you have to stop spraying at any time, turn the blue flow switch back to the "OFF" position and the red flow switch to the "CLOSED" position. 6) Turn off the water at the faucet. 7) Remove the container from the garden hose; then rinse thoroughly and store according to Storage Instructions.

**FOR USE ON LAWNS before planting or sodding or on established lawns.** Apply when insect damage first appears. Apply 4 gallons of solution per 100 square feet. Water into the soil lightly after application. If infestation is severe, several applications may need to be made at 7 day intervals.

**USE PRECAUTIONS**

Do not use on newly seeded lawns until after the 3<sup>rd</sup> mowing. This product is phytotoxic to plants.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Store at temperatures between 41°F and 85°F (5°C to 30°C) to avoid product deterioration.

**Container Disposal: If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

**WARRANTY**

Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for the purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions or under conditions not reasonably foreseeable to seller. Seller makes no other warranties, either express or implied.
