

ALL PURPOSE INSECT SPRAY - RTU

- Controls Insects On Ornamental Plants, Shrubs, Vines And Houseplants For Up To 7 Days
- Residually Controls Cockroaches, Spiders, Crickets And Other Crawling Insects
- Provides Rapid Knock-down And Kill
- Ready-To-Use Liquid

ACTIVE INGREDIENTS:

| | |
|--|--------|
| Permethrin [(3-Phenoxyphenyl) methyl (+ or -) cis-trans-3-(2,2-dichloroethenyl) 2,2-dimethylcyclopropanecarboxylate] | 0.200% |
| Related reaction products | 0.017% |
| Tetramethrin [(1-Cyclohexene-1,2-dicarboximido) methyl 2,2-dimethyl-3-(2-methylpropenyl) cyclopropanecarboxylate] | 0.200% |

| | |
|--------------------------|----------|
| OTHER INGREDIENTS: | 99.583% |
| TOTAL: | 100.000% |

*Cis-trans isomers ratio: Min. 35% (+ or -) cis and Max. 65% (+ or -) trans

EPA Reg. No. 1021-1715-54705

KEEP OUT OF REACH OF CHILDREN CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF SWALLOWED: Call a physician or Poison Control Center immediately.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid contamination of food and feedstuffs.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply to any body of water. Do not contaminate water by disposing of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Do not store or use near heat or open flame.

ALL PURPOSE INSECT SPRAY - RTU contains a combination of ingredients that provides rapid knock-down and kill of the listed insects. This highly effective water-base formula can be used on flying and crawling insects, indoor and outdoor houseplants and ornamental pests. ALL PURPOSE INSECT SPRAY - RTU provides effective residual control.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

SHAKE WELL BEFORE USE. HOLD CONTAINER UPRIGHT.

For best results, follow directions for specific use areas. DO NOT use this product in or on electrical equipment due to possibility of shock hazard. DO NOT use on animals. AVOID excessively wetting furniture and carpeting. Always test in an inconspicuous area prior to use as some natural and synthetic fibers may be adversely affected by any liquid product. For plants, spray a few leaves and wait 24 hours before spraying entire plant.

DO NOT CONTAMINATE FOOD AREAS.

INDOOR USE:

FLEAS AND TICKS: Prior to use, vacuum all infested areas thoroughly and dispose of vacuum bag in outside trash. Apply uniformly to rugs, carpets, draperies and all surfaces of upholstered furniture. Treat under and around furniture if pets frequently rest in these areas. Avoid excessive wetting of upholstered furniture and draperies. A fine spray applied uniformly is all that is necessary to kill fleas. To kill ticks and other labeled insects, apply directly to the pests. Spray thoroughly into hiding places such as cracks and crevices, on walls and floors, along baseboards, window and door frames. Spray at the rate of one linear foot per second with a slow sweeping motion. DO NOT allow children or pets to walk on treated surfaces until completely dry. DO NOT spray on pets or humans.

FLEAS AND TICKS IN PET BEDDING AND PET AREAS: Remove and destroy or wash pet's old bedding. To reduce infestation, thoroughly spray the animal's bedding, sleeping quarters, around baseboards, window and door frames, wall cracks, local areas of floors, and other resting places until the surface is slightly moist. Treat these areas at a distance of 12 to 18 inches. Also spray the entire inside surface of dog houses. Repeat as necessary. Put fresh bedding in pet's quarters after spray has dried. DO NOT allow pets to use treated areas until completely dry.

For best results, pets should be treated with EPA registered flea and tick control product, (i.e., flea or flea and tick collar, pet powder, pet spray, pet dip, pet shampoo, flea or flea and tick shampoo), in conjunction with this application prior to re-entry.

COCKROACHES, ANTS, CRICKETS, CENTIPEDES, FIREBRATS, SPIDERS and other crawling insects: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the rooms suspected of harboring these pests. Special attention should be paid to hiding places such as beneath sinks, behind and beneath stoves and refrigerators, around garbage cans, cabinets, along the outside of baseboards, door sills, frames and floors, around and on drains, pipes, plumbing, behind bookcases, storage and other utility installation areas, hitting insects with spray whenever possible. TO KILL ANTS, treat around doors, window frames and other areas of entry. Spray on ants whenever possible.

CARPET BEETLES: Directly spray as many insects as possible. Spray all surfaces of upholstered furniture. Where possible, both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture, floors, walls, window sills, baseboards and wherever these insects are seen or suspected.

BEDBUGS: Spray mattresses lightly, particularly around tufts and seams. Take beds apart and spray in all joints. Treat baseboards, moldings, floors, walls, furniture and other infested areas. Allow treated articles to thoroughly dry before use.

EXPOSED STAGES of Granary Insects, Flour Beetles, Cadelles, Rice Weevils, Flat Grain Beetles, Cigarette Beetle, Confused Flour Beetles, Drugstore Beetle, Lesser Grain Borer, Merchant Grain Beetle, Sawtoothed Grain Beetle, Grain Weevils, Warehouse Beetle, Red Flour Beetle, Grain Mites, Weevils, Cheesemites and Indian Mealworm: Find and dispose of infested packaged goods and exposed insects. Remove all other items from pantry, shelves and drawers and clean thoroughly. Spray into cracks and crevices, shelves, drawers, cabinets and other areas where these insects tend to congregate. Place clean paper on the shelves and return packages after the spray has dried.

OUTDOOR USE:

Caution should be taken to avoid spraying when wind conditions could create a mist to blow back to applicator. Spray the surface areas and contact as many insects as possible. DO NOT apply this product in or around bodies of water.

FLIES, GNATS, MOSQUITOES, SMALL FLYING MOTHS: Midge, Small Flying Insects, Sand Fly, Black Fly, Biting Fly, Deer Fly, Face Fly, Horse Fly, House Fly, Stable Fly, Vinegar Fly, Fruit Flies and other flying insects: Hold container 12 - 18 inches from shrubs, bushes, grassy areas and other areas infested with these pests. Spray with a slow sweeping motion. To reduce annoyance from these pests, treat surfaces of open porches, patio area, screens, window frames, doors and other areas where these pests may light or congregate in a similar manner. Allow sprays to dry before occupying the treated area.

ANTS: Spray ant trails, ant hills, ant mounds and other areas of entry and infestation. Spray on ants where possible.

SPIDERS: Spray directly on spiders and webs.

SOWBUGS, MILLIPEDES, BEETLES, EARWIGS, Ground Beetles, Elm Leaf Beetle, Boxelder Bug, Earwigs, Clover Mites, Pillbugs, Centipedes, Scorpions, Cockroaches, Crickets, Palmetto Bugs, Waterbugs: Spray surfaces thoroughly and into hiding places such as cracks, crevices, moist areas, openings around pipes, spigots, storage areas, sheds and other areas where these pests tend to congregate.

GARDEN PESTS: NOT FOR USE ON EDIBLE CROPS

Controls plant insects such as:

| | |
|-----------------------------|----------------------|
| Aphid | Leafrollers |
| Armyworm | Leaf tiers |
| Asparagus Beetle | Mealy Bugs |
| Boxelder Bug | Mexican Bean Beetles |
| Cabbage Looper | Mites |
| Cankerworm | Oleander Caterpillar |
| Caterpillars | Psyllids |
| Chewing Insects | Red Spider Mites |
| Colorado Potato Beetle | Rose Chafer |
| Corn Ear Worm | Soft Brown Scale |
| Cucumber Beetle | Southern Army Worm |
| Cutworm | Spider Mites |
| Diamondback Moth | Spotted Mites |
| Eastern Tent Caterpillar | Stink Bugs |
| Flea Beetle | Tarnished Plant Bug |
| Gypsy Moth (adult & larvae) | Tomato Pin Worm |
| Inchworms | Two Spotted Mites |
| Japanese Beetle | Tent Caterpillars |
| Lace Bug | Thrips |
| Leaf Miners | Tomato Fruit Worm |
| Leaf Beetles | Whitefly |
| Leafhoppers | |

For use in homes, home greenhouses and outdoors on ornamental plants, shrubs, vines and houseplants such as:

| | |
|-----------------------|---------------|
| African Violet | Gypsophila |
| Aspidistra | Hibiscus |
| Asters | Holly |
| Azaleas | Hydrangea |
| Begonias | Iris |
| Bougainvillea | Ivy |
| Caladium | Jasmine |
| Calceolaria | Juniper |
| Calendula | Lily |
| Calla | Marigold |
| Camellia | Palm |
| Carnation | Pelargonium |
| Chinese Evergreen | Peony |
| Chrysanthemums | Petunia |
| Cineraria | Philodendron |
| Coleus | Pine |
| Creeping Charlie | Podocarpus |
| Daffodil | Pothos |
| Dahlias | Primula |
| Deciduous Ornamentals | Rhododendron |
| Delphiniums | Rinunculus |
| Dogwood | Rose |
| Dracena | Salvia |
| English Ivy | Schefflera |
| Evergreens | Snapdragon |
| Fatshedera | Spathiphyllum |
| Fatsia | Spider Plant |
| Fern | Sweet Pea |
| Ficus | Tulips |
| Fuchsia | Viola |
| Gardenia | Wandering Jew |
| Geranium | Yew |
| Gladiolus | Zinnia |

WHEN SPRAYING, HOLD CONTAINER 12" FROM PLANT. Water plant thoroughly before spraying. Do not spray a drought stressed plant. Rare or unusual varieties of plants should be sprayed on a few leaves to assure plant safety before spraying the entire plant. Care should be taken when spraying tender new growth or fuzzy leafed plants. Avoid excessive wetting of foliage with spray by spraying with a slow, sweeping motion, covering upper and lower leaf surfaces. For best results, spray in the early morning when air is still. DO NOT spray plants in direct hot sun or in temperatures over 90°F.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store upright in a secure, preferably locked storage area. Keep from freezing.

PESTICIDE DISPOSAL: Partially filled container may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty container. Rinse thoroughly and put in trash.

CONDITIONS OF SALE AND WARRANTY

Lawn and Garden Products, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. Lawn and Garden Products, Inc. neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Lawn and Garden Products, Inc. and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall Lawn and Garden Products, Inc. or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Lawn and Garden Products, Inc. and is accepted as such by the Buyer.
