CAUTION

May be harmful if swallowed. Wash hands after use.

DIRECTIONS FOR USE

Fish & Poop may be applied as a foliar spray or soil drench. Shake well before mixing and keep solution mixed well during application. Do not store mixed solutions. Apply in early morning or late afternoon to avoid leaf damage.

FOLIAR SPRAYS:

BEDDING/ORNAMENTAL PLANTS – SHRUBS – TREES: Use ½ fl. oz. per gallon of water or ½ pint (8 fl. oz.) in hose-end sprayer. Apply monthly during growing season.

FLOWERS (Potted Plants – Cuttings – Seedlings – Bulbs/Seed – Rootings): Use ½ fl. oz. per gallon of water or ½ pint (8 fl. oz.) in hose-end sprayer. Apply monthly during growing season.

LAWN – TURF: Apply ½ pint (8 fl. oz.) in hose-end sprayer per 1,000 square feet. Apply as needed during growing season.

TREES (Fruit – Citrus): Apply ½ fl. oz. per gallon of water or ½ pint (8 fl. oz.) in hose-end sprayer prior to popcorn stage. Apply every 14 days.

VEGETABLES: Use ½ fl. oz. per gallon of water or ½ pint (8 fl. oz.) in hose-end sprayer. Apply monthly during growing season.

SOIL DRENCH:

Mix ½ fl. oz. per gallon of water and apply on the soil beneath the plants. Repeat every 14 days.

INDOOR HOUSEPLANTS: Mix a solution of ½ fl. oz. in one gallon of water. Apply every time you water.

TRANSPLANT (Balled in Burlap, Bare Root, Sets, Roots or Container Grown): Mix solution of 1½ fl. oz. per gallon of water. Pour ½ pint (8 fl. oz.) of solution in prepared hole, back fill with soil and firmly tamp. After new growth has become established, use directions for foliar applications or soil drench.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in original container in a cool dry place.

Product Disposal: May be disposed of on site or at an approved waste disposal facility.

Container Disposal: Securely wrap container in several layers of newspaper and discard in trash.
