HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center at 1-800-858-7378 for emergency medical treatment information.

DIRECTIONS FOR USE

NO CAT ZONE is a natural product to keep away cats. The effectiveness of NO CAT ZONE is based on purely vegetable aromatic ingredients, bonded to a clay-based mineral granulate. The persistent odor of NO CAT ZONE drives cats away effectively, without harming them, from back yards, terraces, patios and places where birds regularly gather. NO CAT ZONE masks the territorial markings left by cats and makes the animals avoid the territory to be protected.

APPLICATION

Treat the areas to be protected with 1 tablespoon per 10 sq. ft. Spread NO CAT ZONE evenly all over the surface in question. Do not place in piles.

A concentrated application is recommended in places specially favored by cats, such as overhanging walls, eaves, etc., and in the vicinity of birds' nesting boxes and feeding tables.

The contents of this package are sufficient to cover approximately 500 sq. ft. Dependent on weather conditions, NO CAT ZONE will provide protection for 3 to 4 weeks. Treatment should be repeated after heavy rainfall. Effectiveness is reduced when the temperature falls close to freezing.

Note: NO CAT ZONE often only starts to be effective after some days. It can frequently be observed that after the initial application, the cats at first pay extra attention to the treated areas. This is typical behavior for cats, since cats who have left scent to mark their territory are unwilling to accept foreign scents on their patch. However, due to the aromatic persistence of NO CAT ZONE, the cats give their original territory up in time and then avoid the areas which have been treated.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a cool dry place, preferably a locked storage area out of reach of children and pets.

Container Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Do not pour down any indoor or outdoor drain.

NOTICE TO BUYER

Seller warrants this product conforms to its chemical description on this label and is reasonably fit for the purposes stated on this label when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to seller. Buyer assumes all risk of any such use. Seller makes no other warranties, either express or implied.
