CAUTION**

FIRST AID

If Product:

Gets in eyes: Hold eye open and rinse slowly and gently with water for 5 minutes. Remove contact lenses, if present. Continue to rinse eyes for 10-15 minutes. Call a poison control center or doctor for treatment advice.

Gets on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Is swallowed: Have person sip a glass of water if able to swallow.

NOTES: Have the product container or label with you when calling a poison control center or doctor or going for treatment. In the event of a medical emergency, you may also contact the National Pesticide Telecommunications Network at 1-800-858-7378.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with plenty of soap and water after handling.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not dispose of leftover pesticide into bodies of water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read entire label before using.

Control powdery mildew on plants in and around the home including, but not limited to, roses, flowers, foliage plants, ornamentals, strawberries and vegetables.

HOW TO USE:

Shake well. Adjust spray nozzle to give a coarse spray. Aim at spots of powdery mildew infection and spray thoroughly until wet. E-RASE - RTU is a contact control agent that requires thorough spray coverage to achieve control of powdery mildew. **Shake E-Rase - RTU container frequently while using.** Repeat applications may be required in 7 to 14 days under severe disease conditions, but no more than once a week. New growth may need to be treated weekly to be protected. DO NOT apply when temperatures drop below 50°F.

IMPORTANT NOTE: Some plant species may be sensitive to E-RASE - RTU. E-RASE - RTU has been tested on numerous ornamental plants without toxic effects, however, not all species and varieties grown have been tested. It is recommended that a small branch or a few leaves be treated before treating the entire plant to be sure no damage occurs. Wait one day to check for plant damage to occur following test sprays on sensitive plants.

Shake well before using and shake spray solution frequently during use.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store product in original container in a cool (not in direct sunlight), dry, locked place out of reach of children. If product is stored below 50°F the wax component in the formula will solidify. Therefore, it will be necessary to warm the product to above 50°F to make it sprayable. Avoid contamination of feed and foodstuffs. Store upright.

PESTICIDE DISPOSAL: Do not reuse empty bottle. When ready to discard this Ready-To-Use container, securely wrap partially filled or empty container in newspaper and put in trash.

NOTICE:

Buyer assumes all responsibility for safety, use and disposal, not in accordance with directions.
