

NOTE: This is a specimen label for electronic distribution. Always refer to product label on container for specific directions for use.

SHAKE WELL BEFORE USING

DIRECTIONS FOR USE

NO FOAM A is used to give optimum wetting and spreading of plant protection products such as insecticides, miticides, fungicides and herbicides.

NO FOAM A is formulated from materials which do not tend to burn foliage or leave harmful residues. There will be no excessive foaming when high pressures are used. Use of correct quantity for smooth wetting reduces the possibility of spot injury from large pesticide droplets.

Proper quantity to use will vary with the type of equipment, spray volume, temperature, type of foliage to wet, and the pesticide formulation. Also, higher rates than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume.

Dilute Sprays: Use 1/8 - 1/2 tsp. per gallon of water.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Store in a dry location away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration. If allowed by state and local authorities, dispose of containers by burning. If burned, stay out of smoke.

STATEMENT OF WARRANTY

NOTICE: Seller's guarantee shall be limited to the terms of the label. Subject thereto, the buyer assumes any risk to persons or property arising from use or handling and accepts the product on these conditions.

NO FOAM[®] A

**BIO-DEGRADABLE
SPREADER • ACTIVATOR**

NON-IONIC SURFACTANT
