**KEEP OUT OF REACH OF CHILDREN**

**WARNING:** Harmful if swallowed. Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation.

**Precautionary Statements:** Wear eye/face protection. Wear protective gloves. Avoid breathing mist or vapor. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. First Aid: If swallowed: Call a poison center/doctor if you feel unwell. Rinse mouth. If on skin: Wash with plenty of water. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center/doctor if you feel unwell. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Storage and Disposal: Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store in a well ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/container in accordance with local authority requirements.

## GENERAL INFORMATION

FOLI-CAL is a liquid formulation of calcium for preventing and treating plant physiological disorders associated with calcium deficiency. Some of these are **Bitter Pit** of apples, **Blossom End-rot** of tomatoes, peppers and melons; **Brown Checking** (black heart) of celery; **Internal Brown Spot** of potato tubers; **Cork Spot** of pears; **Internal Browning** of grapes, etc. Foliar sprays of FOLI-CAL are intended to complement good soil fertility by supplying nutrients directly to the foliage, roots and fruit of crops during critical growth stages.

## DIRECTIONS FOR USE

**FOLIAR APPLICATIONS:** Thorough coverage and wetting are needed for optimum foliar spray results. Applications to actively growing plants produce the best results. Wet the entire plant surface. DO NOT apply to foliage when plants are suffering from moisture or heat stress.

**VEGETABLES & ORNAMENTALS:** Apply 3 fl. oz. in 2 gallons of water at the 10-12 true leaf state, then at 14 day intervals as needed.

**TREES & VINES:** Apply 6 fl. oz. in 4 gallons of water after fruit set and repeat at 14 day intervals throughout the season.

**TURF/LAWNS:** Apply whenever turf/lawn shows signs of calcium deficiency at 3 fl. oz. in 2 gallons of water per 1,000 sq. ft. and repeat at 14 day intervals as needed.

Apply only to actively growing turf/lawns. Do not apply near water, storm drains, or drainage ditches. Do not apply if rain is expected. Apply the product only to your lawn/garden. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices.

**HYDROPONICS:** Apply ½ pint (8 fl. oz.) of FOLI-CAL in 25 gallons of water.

**CA WARNING:** Risk of cancer and reproductive harm from exposure to arsenic, cadmium and lead. See [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**NOTICE:** Because weather, crop, soil, and other conditions may vary, Lawn and Garden Products, Inc. and/or the Seller, to the extent permitted by law, make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use or handling, whether or not in accordance with directions.
