KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes serious eye irritation. Causes skin irritation. Harmful if swallowed. Harmful if inhaled. Avoid breathing vapors. Use only outdoors or in a well-ventilated area. Wear protective eyewear, long-sleeved shirt, long pants, shoes plus socks and chemical resistant gloves made of any waterproof material when mixing or handling concentrate. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice.

IF ON SKIN: Wash with plenty of water. If skin irritation or rash occurs, get medical advice.

IF SWALLOWED: Rinse mouth. Call a poison control center or doctor if you feel unwell.

IF INHALED: Move person to fresh air and keep comfortable for breathing. Call a poison control center or doctor if you feel unwell.

DIRECTIONS FOR USE

MONTEREY M.S.O. is a multicomponent spray adjuvant developed to maximize the performance of most postemergent herbicides. This product may be used as a replacement for non-ionic surfactants and crop oil (petroleum oils) in most postemergence herbicide spray mixes. Methylated seed oils, improve the performance consistency of postemergence herbicides such as Drive® and other herbicides.

The addition of Monterey M.S.O. to a spray tank solution will improve its application by physically modifying the deposition and wetting characteristics of the spray solution, thus resulting in a more uniform spray deposit.

MONTEREY M.S.O. may be used on turf and ornamental, residential and non-crop sites. NOT FOR AQUATIC USE.

Read and follow the precautions, restrictions and recommendations on the labels of pesticides used with MONTEREY M.S.O. Use according to the most restrictive label directions for each product in any tank mix.

MIXING: Shake well before using. Fill spray tank 2/3 to ¾ full of water. Add products as directed by the label or in the following sequence: (1) Micronutrients and fertilizers, (2) Dry flowables and dispersible granules, (3) Emulsifiable concentrates; then add MONTEREY M.S.O. Continue filling tank. For optimum results, spray mixes containing MONTEREY M.S.O. should be applied within 36 hours of mixing. If spray solution has been allowed to stand, thoroughly remix before application.

RECOMMENDATIONS: Specific use rates will vary with conditions of application such as water hardness, application method, equipment, spray droplet size, condition of foliage, etc. Also, higher or lower rates than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume.

BACKPACK or HANDHELD SPRAYERS: Use up to 1 fl. oz. per gallon of finished spray solution.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product and Container Disposal.

PRODUCT AND CONTAINER DISPOSAL: **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
